Attached is the updated NPL Sites in FEMA Declared Counties, this map includes two additional NPL sites that hadn't been listed previously bringing the total number of NPL sites within FEMA declared counties to 43.

The two NPL sites that were added are:  
RUSTON FOUNDRY, LAD985185107  
SHERIDAN DISPOSAL SERVICES, TXD062132147

The reason two sites were added now to the NPL maps was due to a discrepancy in data reported between the FEMA website and state websites. The REOC had been using information from the FEMA website as the basis for which counties had been declared, however the REOC came to learn that the FEMA site was reporting inaccurately for Louisiana, omitting Rapides Parish. The discrepancy is evident if you compare the two sites.
